Basics may include: Spay/neuter, age-appropriate vaccinations, , FeLV test, and prescribed medications. Fosters are required to get SCAS staff approval to transport the animal to a veterinary clinic prior to scheduling an appointment. In case of a life-threatening medical emergency, if foster cannot contact an SCAS staff member, they are authorized to utilize on-call emergency vet.

_____ All basic supply expenses will be provide by SCAS. Basic supplies include: Dog – crate, collar, tag & leash, food, food dishes & some toys. Dogs should not be left alone, outside unsupervised. During transport, the rescued animal must ride inside the car. An SCAS foster cat must live indoors only. The foster coordinator must be notified immediately if the animal in your care is injured or missing.

_____ Fosters are expected to follow medical and/or behavioral plans set forth by SCAS staff. Fosters are expected to report any medical or behavioral concerns within 24 hours following appropriate channels and using the emergency protocols. Fosters are expected to use SCAS approved training only. Please feel free to ask for help if you encounter challenges.

If a foster home decides to adopt the animal, the regular adoption fee applies. If a foster finds a suitable adoptive home for their animal, they will contact the Foster Coordinator .
